

Adam Thompson is the General Manager of RESQ24, Thompson Building Associates' Emergency Services Division. Born and bred into the industry, he offers seasoned knowledge and history on the trends, complications, and changes that happen in the world of restoration and mitigation. Adam began his career with Thompson in 2004 as a carpenter, moved into estimating, then managed the Design-Build division for several years before taking over as head of RESQ24. Over the course of 17 years, he has received certifications from the state as a Home Improvement Contractor and from the IICRC as a Master Water Restorer, Master Textile Restorer, and Master Fire & Smoke Restorer - providing him with the necessary tools and industry knowledge to provide service ***Rebuilding Properties and Restoring Lives*** across Central Ohio.
