

Tim Thompson has been the Owner of Thompson Building Associates, a full-service insurance restoration and mitigation firm since its establishment in 1978. After a severe storm in 1974 that spawned tornadoes in Xenia, 20-year-old Tim began to offer his services to help rebuild damaged homes. From the experience he gained as a new business owner, Tim founded Thompson Building Associates as it exists today. Fascinated with building since the age of thirteen, he has dedicated his life to construction, building over 45 years of experience in remodeling, home building, and insurance restoration. Tim has been named among the “Big 50” by Remodeler Magazine, won the NARI National Contractor Award (2004), Regional Chrysalis Award, and the BBB Integrity Award. His extensive industry knowledge has led him to serve on the Board of Directors for several restoration contractors nationwide, and as an expert witness in multiple cases involving workmanship and building defect complaints. He plans to continue using his knowledge and experience to ***Rebuild Property and Restore Lives*** across Central Ohio.
